The Green Hawks would like to announce that we have launched our lithium battery recycling drive. We have three collection boxes across campus. 304 Mrs Barron, 218 Mr Arsenault, and the Family Resource Center in Mr. Herrera's office. If you have any rechargeable batteries or even rechargeable devices that do not quite work any more, bring them in and we will donate them. Recycling lithium reduces the need for mining and lowers the cost of battery manufacturing through recycling. If you have any questions, feel free to reach out to Mr A or Mrs Barron.
