Distance Learning for Middle School Social Studies Lesson

"My Nevada, My Community" Instructions: Consider what Nevada means to you. On a separate piece of paper create a postcard, mural, or collage that represents your community. You may draw, cut out magazines, or create a digital version. Remember to reflect on what makes your community unique and diverse. Just as Nevada's history is unique and diverse, so is your community! On this sheet of paper, write 5-10 sentences that explain what makes your community unique and diverse.
